Dynamite Blasts, Damages Listed

Dynamiters struck twice in Perry County last week causing damage to a home and some railroad track.

The first explosion occurred around 9 p. m. Tuesday night on the L&N railroad line near Viper.

The blast came off just before an L&N locomotive passed over the section of track. Approximately 3 to 6 inches of track was damaged aside from a few broken windows in nearby homes.

The train engine and five cars, reportedly ran over the damaged track but did not derail. This incident is under investigation, coming under the Federal Train Wreck Act.

Blast Damages House

The second disturbance took place at Combs around 10 p. m. Wednesday night. A small amount of explosives was placed under the home of Mrs. Ray Lee Cunningham. The corner of the two-story house was damaged considerably with windows being blown out also.

Kentucky State Police reported that no one was home at the time of the explosion. Mrs. Cunningham and her daughter had reportedly gone to Ohio for the Holiday weekend.

Kentucky State Police are investigating this incident.

Also from the State Police barracks comes word that the radar system that was used

Teach Pupil Safety, Urges Gov. Breathitt

Governor Edward T. Breathitt believes every elementary school teacher in Kentucky should spend "a few minutes a week" on school traffic safety programs.

"Highway safety education in schools should start the day a child first enters the classroom," he said.

"He should be taught how to use sidewalks, how to cross the street, and which side of the road to walk on."

"When he begins to ride a bicycle, he should be made to understand that the motor vehicle laws apply to him and he must have a knowledge of these laws."

Breathitt said a youth must obey stop signs and traffic lights, give directional signals, drive on the right side of the road, grant right of way to pedestrians and develop good riding habits.

Fire Chief Urges Care With Heating

Fire Chief Lawrence "Shorty" Sizemore has urged residents to be extremely careful not to overheat their homes during these cold days, thus increasing the chance of fire.

He also suggested that existing heating equipment be checked thoroughly by competent workmen and that new heating equipment should be of approved design and installed only by reliable heating contractors who know their business.

Old Man Winter Visits In Hazard

Old man winter paid his first official visit in Hazard and Perry County this morning with snow and biting cold temperatures.

Roads in the Hazard area were reported to be slick and extremely dangerous late this afternoon, by Kentucky State Police. Highway 15 between Hazard and Jackson and Ky. 80 in Knott County were in very bad driving conditions. Highway 119 in Letcher County was in better shape with only bridges and shady curves having ice on them.

The snow that began falling around 4:30 this morning, gave Perry and Knott County school kids an extra day on their already extended Thanksgiving Holiday weekend.

Perry County School Superintendent Dennis Wootton stated that Perry County schools would reopen Tuesday morning if no more snow falls tonight.

As for tonight, a cold wave warning is in effect for the Hazard area with readings expected to dip down near 0.

Paving Almost Completed

Highway workers are using heavy equipment to put the final touches on access lanes to the new \$2.5 million road that links Hazard with Combs just before the season's severe weather hit. Motorists are already using the road after working hours.

The elaborate cut through the mountain and two bridges across the Kentucky River reportedly makes the short stretch of new highway the most expensive in Kentucky history. The Walkertown interchange will mark the Hazard exit from the Mountain Parkway which will one day extend to Whitesburg.

Kiwanis See Slides of Baptist Meeting Held In California

Alva Hollon was program chairman at the regular weekly meeting of the Kiwanis Club, Tuesday evening, November 24, at Don's.

Mr. Hollon showed slides with scenes of the Baptist Meeting held in California last August. Headed by the Baptist in the Baptist Theological Seminary at San

Francisco. He also showed several views of Baptist Churches, most of which were small, but they were numerous, and many other buildings, including a Catholic Cathedral.

Mr. Hollon was given quarters at the Seminary. He mentioned that in the Knob Hills section, all who purchase property were bound by legal contract to landscape the grounds to conform with the landscaping of the other property owners.

Most of the meetings were held in the various Baptist Churches. One congregation consisted mostly of deaf persons and singing was accompanied by the sign language led by some one familiar with it.

The committees appointed for the Christmas Party to be held at the Walkertown Cafeteria on December 22nd, and for the hootenanny to be held at the Hazard High School Auditorium on Saturday, December 5, at 8:00 P. M. met and furthered their plans. It was mentioned that most of the talent had been selected for the hootenanny and that no tickets would be sold but all persons attending would pay adults \$1.00, and students, 50c, at the door.

LI Governor Raymond Robertson, announced that there will be a school of instruction for the officers and members of the Kiwanis Ninth Division next Sunday at 2:00 P. M. at the Power Company Auditorium, after which there will be a directors meeting at 1:30 P. M.

Democrats to Meet Saturday to Select Committeemen

Perry County Democrat Chairman, Billy Engle, announced today that a meeting of the Democrat Party will be held in each precinct in the county on Saturday, December 5, 1964 at 2 p. m. to select a precinct committeeman and committeewoman to serve for the next four years as a member of the Democratic County Executive Committee.

On the following Saturday, December 12, 1964, at 2 p. m., at the Perry Circuit Court Room (in the basement of the VFW Club) a meeting of these precinct committeemen and committeewomen will be held to select a County Chairman and a Secretary for the next four years.

Mr. Engle urges every Democrat who can possibly do so to attend these precinct meetings.

Coal Production Increases for Year

Coal production in the Hazard Field amounted to 203,639 tons during the week ended November 21, 1964 bringing the total for the year to date to 8,925,830 tons.

In announcing the figures, the Hazard Coal Operators Association said the week's production was 0.46 per cent below the 204,580 tons mined during the corresponding week last year. Production for the year to date indicates an increase of 2.84 per cent over the 7,803,530 tons at the same date last year.

Tonnages are computed on a 50 tons per-car basis and are subject to adjustment.

Hazard Kiwanis To Sponsor Hoot'nany

The Hazard Kiwanis Club is sponsoring a Hootenanny Saturday, December 5, at 8 p. m. at the Hazard High School Auditorium.

Featured among the entertainers will be Jim Gullett, Doug Holiday, Jenny Adams, Eddie Fields, Bernard Faulkner, Jess Wootton, Hayden Eversole, and Ray Linville, all of Hazard, Mary Kay Ashler and J. W. Hampton, of Letcher County, and others.

Admission will be \$1.00 for adults and 50c for students. The proceeds will be used for the Kiwanis' projects.

Bids To Be Taken On New Road From Whitesburg to Hazard

The Kentucky Department of Highways will accept bids on December 18 for a start on the Whitesburg end of the freeway extension of the Mountain Parkway.

Commissioner of Highways Henry Ward said the department will start work on a 2,297 section of road extending from Whitesburg to the Dry Fork road. The work will include grade and drain on the entire distance and necessary pavement in Whitesburg.

Specifically, the bid notices call for: Hazard-Whitesburg Road from the Dry Fork Road approximately 1.0 mile north of Kentucky 588 to 0.319 mile east of the west city limits of Whitesburg, a distance of 2.184 miles. Grade and drain for 1.278 miles. Grade, drain and traffic board surface for 0.650 mile. Grade, drain and bituminous concrete surface Class I for 0.256 mile.

Ky. 15 in Whitesburg from near junction of Ky. 588 and Ky. 15 extending easterly, a distance of 0.113 mile. Grade, drain and bituminous concrete surface Class I.

Originally the highway department had hoped to construct seven miles of road from Whitesburg to Isom, but the department announced last year that the high cost of road construction in this area, coupled with lack of funds, had forced it to cut the project to less than three miles.

Ward held up the awarding of bids, scheduled originally for October. Is the hope that Congress would pass the Appalachian Recovery Act and that funds for the entire seven miles

Series E & H Bonds Sales For Perry Total \$219,117

The citizens of Perry County bought \$11,337 of Series E and H Savings Bonds during October. Sales for the ten months totaled \$219,117. The County's annual goal is \$322,620.

The sales for Kentucky in October were \$4,386,632 and cumulative sales reached \$41,869,097. The State's annual goal is \$58,600,000.

Nationally, the sales of Series E and H Bonds in October were \$387 million; accrued interest of \$114 million on the outstanding E Bonds brought the total investment to \$481 million or a gain of \$1,016 million since the first of January.

Congratulations and best wishes to the citizens and volunteers of Carlisle, Floyd, Enit, Rockcastle and Trimble Counties who exceeded their annual goals with this report.

With only a few weeks remaining in this year, Merle E. Robertson, Louisville, Volunteer State Chairman, suggests the following: that Savings Bonds make excellent Christmas gifts both for individuals and from employers. Also the farmer who will be selling his tobacco crop may be looking not only for a gift but a place for savings for future use with absolute guaranteed safety of principal and interest.

Mr. Robertson concludes we still need sales for the good of our Country and a part of every Kentuckian's savings should be in U. S. Savings Bonds.

How- ever, Congress adjourned without passing the bill.

Included in the project is a widening of the road and straightening of the curve which has long been a traffic hazard at the Graveyard Hollow area of Whitesburg. The city will obtain credit rail.

Bulldogs Lose To Jenkin Cavaliers

By Monte Gross

The Jenkins Cavaliers coupled a tight zone defense and a good shooting eye to shock the top ranked Hazard Bulldogs 50-46 in the season's opener for both teams.

After sprinting to a 17-8 first period lead the Bulldogs ran cold the rest of the way allowing the Cavaliers to snatch away the victory.

Jenkins outscored the Bulldogs 15-8 in the second period after defense forced them to take many outside shots. Morgan could hit but three of 15 shots while Olinger went none for seven from the floor.

The opening loss should prove to the Bulldogs that only dedicated work and not their press clippings will win games on their difficult schedule. Hazard showed tremendous potential even in defeat and as the players develop as a team they should begin to realize it. Perhaps the slogan for the Bulldogs should be, "We lost our first but we won't lose our last."

T-P scorer in the game was Hazard's Jim Rose who pumped through 20 points on nine field goals and two free throws. Freddie Hogg and Chester Rose chipped in 11 and 10 points respectively.

High point men for Jenkins were Jerry Corley with 19 points and Darrell Osley with 15 points.

The taller Bulldogs controlled the boards and got off 55 shots but could cash in on only 19 for a rather meager 33.9% while Jenkins was popping 20 of 44 for a 45.4% clip. The Bulldogs hit eight of 14 free throws while Jenkins cashed 10 of 17.

Hazard made several costly floor errors which showed the definite lack of practice that the varsity had undergone. Three starters, Freddie Hogg, David Olinger, and Bill Morgan had only been able to practice a week due to football.

Morgan and Olinger had what could only be classed as

State Road Toll Takes 12 Lives For Holiday

Twelve persons were killed in Kentucky traffic accidents during the Thanksgiving holidays.

One death reported yesterday increased the State highway toll for the year to 824, or 67 more than for the same period last year. The total is only 13 fewer than for all of last year.

Otis Jones, 18, of Dry Creek in Knott County, was killed yesterday when his car ran off KY 1167 about four miles south of Morehead.

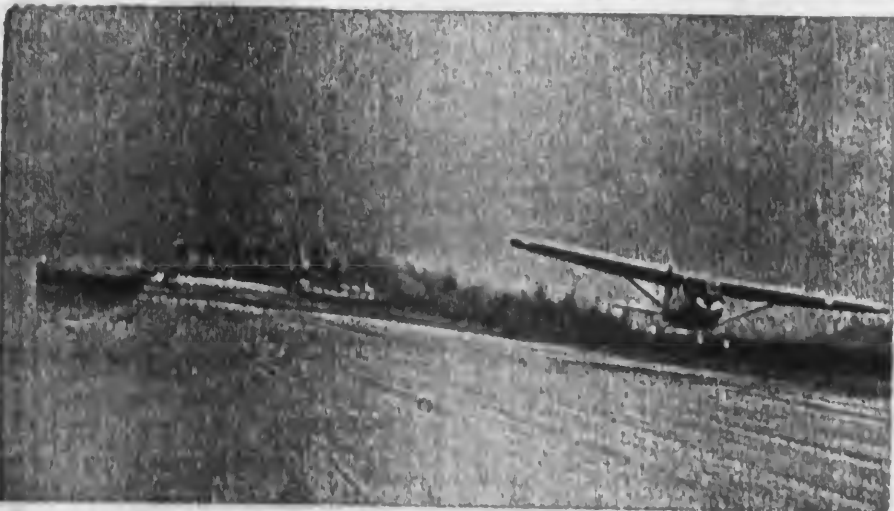

Three persons were killed Saturday, six Friday, and two Thursday.

Traffic Islands

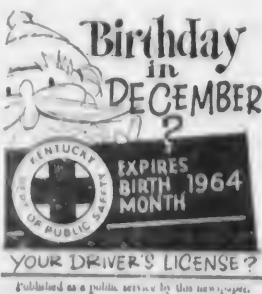

Hoping to beat the cold weather, highway workers last week made these forms for new concrete traffic islands on Highway 15 at the Walkertown entrance to the almost-completed future link of the Mountain Parkway, from Hazard to Combs.

The highway dividers have now been completed and are helping to regulate the flow of traffic in Walkertown.

New Airport Near Whitesburg

Whitesburg residents are proud of a new airport located near Cotton on Rockhouse Creek, some 8 or 10 miles away atop a 2,600-foot strip. The project began about five years ago. It is reported that some \$600,000 has been invested in the project, of which \$90,000 was donated locally. The photo shows the plane of a Federal Aviation Authority official just after take-off from the field two weeks ago, as construction workers made ready to apply blacktopping. The airport is said to be the highest in Eastern Kentucky and is located on the top of a 1,900-foot mountain on the site of a former strip mine. It also is equipped with a FAA Vortac station, a radio system which helps to guide planes.

COUNTY AGENT'S NOTES

War On Rats Should Be Unceasing

Paul Keen — County Agricultural Agent

As animals go in size, the rat is fairly small. But there are enough of him and his kind so that their annual damage in the United States is estimated at the produce from 100,000 U. S. average-size farms.

That's why the war on rats should be unceasing. That estimated billion dollar food bill for rats is too expensive. Think of it this way: If Kentucky farmers had to furnish the U. S. rat feed for just one year—it would take all the production of two-thirds of this state's farms to do it.

But the control problem on rats is relatively simple. For one, a cleaned-up farm (refuse, loose grain and feed) is not a happy home for the average rat. Second, there are so many good effective rat baits on the market that no farmer should be overly troubled with the rodents.

Rodents Are Seeking Winter Quarters:

Days are getting shorter, frost is coming in the night. With colder weather coming on, you may be getting some unwanted guests. Rodents begin to seek more comfortable quarters—a place to spend the winter. Mice will be looking for a comfortable place in the home. Rats will look for food in grains, corn, and livestock feed stored in farm buildings.

Special efforts to catch and kill all of the invading pests at this season of the year will prevent breeding and multiplication of these rodents during the fall months. Mouse traps in the home should be set and freshly baited as soon as the bait dries out. Quite frequently, some species of mice, can be easily caught by pieces of apple, apple seeds, or nut meats tied securely on the bait pan.

The use of anticoagulant baits which contain warfarin are safe and effective if properly used. Rat control can be efficiently achieved by use of these products according to the directions of the manufacturer.

No one can afford to keep a batch of rats on the place. Each rat on the farm or around the home costs the owner \$20 or more each year.

Farmer Gets Small Part Of Bread Dollar:
Only 3.1 cents of the average price—21.6 cents—paid by consumers for a pound of white bread in 1963 was returned to

farmers for the ingredients of bread, including wheat, lard, sugar, and dried milk.

Wheat farmers received about 2.5 cents in 1963, 2.7 cents in 1947-49, and a low of 2.3 cents in 1958-60. Even if the farmer had donated his wheat, white bread still would have cost consumers about 19.1 cents per loaf in 1963.

On the other hand, if bread price had risen only as much as all foods for home consumption, the retail price of bread would have been about 18.2 cents a pound loaf in 1963 instead of 21.6 cents.

Farm values of wheat, sugarbeets or sugarcane, milk, and hogs (lard) are such a small portion (14 percent in 1963) of the retail price of bread that large fluctuations in farm prices can take place with little effect on the price of the finished product.

Keep the Grass Mowed

Keep mowing lawns and other turgrass areas through the fall and until growth ceases due to cold weather.

Many people let the grass grow somewhat higher in fall on the theory that it will be better able to withstand winter temperatures.

This is not true. When grass is allowed to grow higher than normal and goes into the winter in this condition, it often will mat down and may be more susceptible to injury than when cut to normal height.

It is essential to remove leaves as quickly as possible throughout the fall period to prevent smothering the grass. Don't burn the leaves. Place them on a compost pile as a future source of organic matter for flower and shrub beds.

Fire Toll Is Noteworthy

Fire has been described as one of the greatest boons to man. Uncontrolled, however, it is a deadly enemy.

In a recent year, some 11,800 Americans were killed in fires. More than half these deaths were in home fires. Fire did more than one and three-quarters billion dollars worth of damage to property in about 2,200,000 fires that recording year.

Follow the good rule of not giving fire a place to start. This suggestion, if followed, probably would have saved many of these lives and avoided much of the property damage. Fire prevention is every-

Airport Gardens Homemakers Hold November Meeting At School

The Airport Gardens Homemakers Club met Thursday, November 19, at Weston Elementary School.

The club was opened by Mrs. Coomer. She presented to each club member the calendar year book. Each member paid a fee of 5c each, rather than take the fee out of the club funds.

Devotional was given by Mrs. John W. Back. She has been reading many of the inspirational passages from psalms for our new coming year. She also read a heartwarming poem for the Thanksgiving month.

Membership goal is always to stimulate the interest of any one who would like to join our club.

There were seven teen members present Mrs. P. H. Combs, Mrs. Arla Mosley, Mrs. Clyde Brown, Mrs. Norma Coomer, Mrs. John W. Back, Mrs. Mike Brown, Mrs. Louise Cunningham, Mrs. Betty Lou Cunningham, Mrs. Charlie Fugate, Mrs. Watson Webb, Mrs. Flora Feltner, Mrs. Fred Skaggs, Mrs. Raleigh Brown, Mrs. Watson Webb, Mrs. Feltner, Mrs. Garnett Brown, Mrs. Jimmy Gillum, Mrs. Adrian Jones, and Miss Pamela Smith. There was one visitor, Mrs. Jack Brown.

The business session consisted of a variety of various desserts: Raspberry cream candy, Magic cake, Tennessee Jam cake, Pink clouds, and delicious orange, pineapple punch. Also, model grapes.

Mrs. Charlie Fugate prepared all the desserts in advance and let all the members sample each dessert. Recipes were given for each dessert. Desserts were prepared at the meeting, but a pot luck supper was held, so desserts were planned in advance and brought to the club.

4-H Club Meeting Held At School

by Carla Kay Campbell

The Dennis Wooton Elementary School 4-H Club held its second meeting of the year, November 18 at the school.

A very interesting program was given on Good Manners. Talks given by club members were: "It Helps to Know" by Sherry Smith; "When Mealtime Arrives" by Vicky Combs; "Special Cur's For You" by Carla Campbell; "Telephone Talk" by Billy Ray Moore, and "You at Home" by Pam Caudill.

The next meeting will be held sometime in December.

HILL TALK

by Patti Cody

All students at Hazard High who have ever wished their parents could exchange places with them and go through the same school-day routine that they go through every day had their wish come true November 9. The teachers of Hazard High School, in keeping with National

Education Week, sponsored Parent's Night in which the parents were invited to go through a mock schedule of their child's classes and activities. There was a turn-out of 197 parents including Mr. Eversole, the school superintendent, who was, among other things, sent to the office.

There is excitement at Hazard High this week, but all of it isn't because of the Thanksgiving Holidays. For many years, Hazard High School has boasted of being in the Southern Association of Colleges and Secondary Schools. This week, we have had an "evaluation committee" consisting of fifteen people, each specialized in a certain field to be at Hazard, attend classes, and make suggestions.

Even though all the excitement

ment is not because of Thanksgiving holidays, we have had our share of 'holiday celebrations'. The students expressed their feelings when they were asked, "What are you thankful for?"

Get ready for some of the best news ever made by the amazing, arcane Aloe Vera. This primitive tropical plant, often mentioned in the Bible, has a long and fantastic history. And its future should be even more exciting, because of the rich, crystal-clear gel to be found in its spiny, prickly leaves, now growing luxuriantly in Florida. According to ancient lore, this gel has remarkable curative powers. As early as 333 B.C., the Greeks had identified the Aloe plant as a medicinal herb. Second Dynasty Chinese utilized it, dramatically, in curing skin disease. Much more recently, it has been found highly effective in healing bad burns.

Considering all this, our news has to be exceptional, and it is: at last, somebody—Aloe Creme Laboratories—has found a way to use for cosmetic purposes the gel of

the Aloe Vera plant—known to be regenerative to skin tissues after destructive burns.

If this particular news does not yet seem earthshaking, wait until you've observed the results after even short-term use of any (or all) of the Aloe-Cosmetics series. The precious gel goes to work in the creamy lotion called Alo-Face, for instance, and brings forth a soft silky surface.

And that's not all: there are Alo-Hands, Alo-Body, Alo-Lips, Alo-Shampoo, Alo-Lipstick, to name a few, who medications and splendid tanning preparations to accompany your winter plans for sunbasking. These cosmetics dear only in what they might do for you—their cost, are dear only in what they might do for you—their cost, individually, ranges from \$1.50* to

Chicken Goes to a Party

The world over, chicken is a tradition for special occasions. A smart hostess knows that chicken is always popular. The dinner party that features a wonderful chicken dish is certain to be a rousing success. For example, next time you have a party try Chicken Amandine with Rice Ring, suggests the National Broiler Council.

Here is a handsome company dish to delight a gourmet—diced cooked chicken combined with a creamy sauce and sliced almonds, to be served in an elegant ring of rice. Garnish the dish with a border of chopped parsley and star cutouts of pimiento. Chicken is a good mixer—and virtually assures the success of a festive dinner.

Chicken Amandine With Rice Ring
3 cups chicken stock
3 cups light cream
1/2 cup butter or margarine
1 1/2 pounds mushrooms, sliced
1/2 cup flour
1 1/2 teaspoons salt
1/4 teaspoon Tabasco
6 cups diced cooked chicken*
1/2 cup toasted slivered almonds
Combine chicken stock and cream; reserve. Melt butter over low heat. Add mushrooms and cook, stirring occasionally, 10 minutes. Add flour; stir to a paste. Add chicken stock mixture, a boil. Stir in salt, Tabasco, chicken; heat to serving temperature. Turn into Rice Ring; sprinkle almonds on top.
YIELD: 12 servings.
*3 2 1/2 pound broiler-fryer chickens simmered, yield 6 cups diced cooked chicken.

Prestonsburg Lady Installed As Worthy Grand Matron of the World

Eastern Kentucky was highly honored Wednesday, November 25, when Mrs. Josephine Harkins Browning, a native of Prestonsburg, was installed as Worthy Grand Matron of the World at a meeting of the Order of the Eastern Star which was held in Dallas, Texas on Thanksgiving Eve.

The number of men and women now members of the Eastern Star is presently listed as more than three million. Representative members from 48 states and 21 foreign countries were present for the installation ceremony.

Judy Alex Davidson, of Prestonsburg, had whittled a gavel from a piece of black walnut wood grown on the farm of Mrs. Browning's father and Dr. George Archer, of Prestonsburg, a cousin of Mrs. Browning, flew to Dallas Wednesday to present the gavel to her at the ceremony. Her mother's Bible which had been rebound and covered with white satin was also presented to her.

Mrs. Dewey Daniel Entertains With Family Dinner

Mrs. and Mrs. Dewey Daniel entertained with a family dinner served at LaCittadelle on Thanksgiving Day. Members and guests present for the occasion were: Mr. and Mrs. L. D. Any school interested in submitting their cheerleaders' pictures and statistics should mail them to The Hazard Herald, Box 389, Hazard, Kentucky.

Maple Street Visual Worship To Be Held Wednesday Night At Church

The monthly visual worship program at the Maple Street Church of God in Hazard is scheduled for this coming Wednesday evening at 7:00 P. M. This service is designated weekly as "Family Worship" with departments for all age groups.

The Y.P.E. (youth fellowship) is scheduled monthly until 26 installments are shown of the "Life of Christ" on the screen. The first installment starts this week. If you wish to better understand the gospels of Jesus Christ then you are certain to want to see these monthly chapters from the gospels. They are from "Family Films" and biblical accurate.

Along with this film is a lengthy lecture produced by Gospel film titled "Preacher's Kid" and is hailed as top rate. The same youth who played

roles in the film "Seventeen" again enact this great Christian drama. Producers of "Preacher's Kid", an hour long production, promise you that "the entire family will love it as it shows the rural life of a preacher, his family and members of the church and the community. A friendly newspaper editor of the home town saves the day when he visits the parson, age. The entire film program lasts an hour and a half. No charge is made and everyone is cordially invited to enjoy these two great visual worship programs with us, states the pastor, J. C. Dudley and Y.P.E. president, Homer Fagius.

HAZARD, KY.

Well, folks, it has been long expected. That is the old wave that we usually get a long time before this, at this season of the year. This, the twenty-third day of November, we have seen a little of the winter's blustery winds, freezing weather and the like that goes with this time of the year.

We have seen, I would say, one of the finest and most colorful fall seasons that I can ever recall, this I have heard from many of you that will take the time to observe the changing of one season to another. I have been asked to predict what the winter will hold for us during this latter part of '64 and '65. Folks, your guess could be as good as mine. Mine will be that we are going to have what you might say, a mild winter. No questions answered in regard to why I predict this, only when you see all kinds of insects flying and crawling as of November 14th. You can cut roses as of November 20th, both of these events I have seen.

Then suddenly a cold wave of a few degrees above ZERO sets in, believe me it sure makes you chill from yea to yonder.

Regardless of what the winter holds for us, we will in time get accustomed to it, our bodies will soon get adjusted to the changing of the weather. I would say just be patient. What else can you do? If you have the answer PLEASE LET ME KNOW.

THE IMPOSSIBLE

I would say has been accomplished. Yes, when ten men go into an area to deer hunt, all ten come out with their quota of one. Believe it or not, it did happen, at Fort Knox November 14th. Yes, all these boys that did this came from PERRY COUNTY. The following were guests of Col. John Baker, the son of Mr. and Mrs. Barney Baker, the following that hunted with John: Frank Baker, Gene Hurst Combs, Frank Miller, Earl Campbell, Eugene Fields, William Cornett and son Jason, Ora Davis and myself.

I would say this is one of the best hunts that any of us ever have been on. Your writer had the privilege of helping another hunter get his deer, due to the fact that he had crippled it and swam a river to the side I was on, which I was more than glad to do. All in all this is one of the most wonderful trips I have ever been on, with such a great kill of this type of game. As a rule, if fifty percent of a crowd like this gets their deer that is considered above the average. With ten out of ten in a party is almost unbelievable.

Can't say too much about Col. Baker to his efforts in showing us hillbillies a fine time, it was a crucial time for him, his good wife was expecting another heir to the family. All our hats are off to her in being so patient with all of us. Have since learned that a new baby boy has joined the Baker family on The Post. Congratulations to you, Mr. and Mrs. John Baker, we are really proud that the event is over, and I am sure John will be able to get a good night's sleep for a spell. I am sure the Grand Parents are very much elated over this, as it makes I believe three boys and three girls in John's family. I will say one thing, this sure shortened the deer hunting season for all of us. I failed to mention this, this all happened in one day to the kill of all our hunters in our party.

Others from this region were also hunting on Fort Knox but not in this same group.

Jim Foley Awarded Trophy As U. K.'s "Most Valuable Player"

Jim Foley, Lexington, senior linebacker for the University of Kentucky Wildcats, has received the Kentucky Central Life Insurance Company trophy as the team's "most valuable player" for 1964.

Foley was presented with an inscribed sterling silver cup and luggage at UK's annual football banquet Monday, November 23. Kentucky Central president Paul T. Carr, made the presentation to Foley, whose name will be added to a large, permanent trophy at the University.

Foley was one of this year's co-captains and Coach Charlie Bradshaw calls him a "fierce competitor who has made marked and steady improvement by sheer desire to succeed." He has not missed a game during his three-year varsity career.

Foley was a guard during his first two years, averaging 41 minutes a game as a junior, but became a linebacking specialist this season. He was an all-state guard while playing at Lexington Lafayette.

This award by Kentucky Central was initiated four years ago by DARRELL COX, TOMMY SIMPSON and TOM HUTCHINSON receiving the previous awards.

Leslie 'Eagles' Defeat Oneida, 80-58 At Hyden

by Don Combs

The Leslie County Eagles atoned for an opening loss to Lily by handing the Oneida Mountaineers their first loss of the season 80-58 last Tuesday night at Hyden.

After a first period 9-9 tie the Eagles took an advantage on Oneida and never gave up. Leslie County's rebounding power proved too much for the Mountaineers who lost three starters via the personal foul route.

Leslie County got good scoring nights from Bruce Vance with 27 points, Phillip McReynolds with 23 and Preston Fortney with 24.

Cecil Martin led Oneida with 20, followed by Matt White with 15.

Breathitt County Bobcats Defeat Hindman, 57-54

Fairce Woods' Breathitt County Bobcats kept up their unbeaten ways last Wednesday night by handing the Hindman Yellowjackets their first loss 57-54 in the night-cap of a big twin bill at Hindman.

Breathitt jumped out to a 17-15 lead after eight minutes and Hindman didn't catch up until the fourth period.

The Bobcats led 32-26 at the half and were on top 42-40 after three stanzas.

Hindman tied the pesky Cats with 1:50 to go at 49-49, but Breathitt's Adam Spencer canned a jumper to move the Cats on top to stay 51-49.

Eugene Cundiff and Spencer led the winners with 18 points each while Alfred Raleigh hit double digits with 10.

Big John Turner topped Pearl Combs' jackets with 16, Jerry Wicker tallied 14 while Bill Green was good for an even dozen.

Carr Creek Indians Defeat Napier in 53-50 Decision at Hindman

The M. C. Napier Navajos flunked their first big test of the 1964-65 season last Wednesday night dropping a 53-50 decision to the Carr Creek Indians in the first of two at Hindman.

Carr Creek led 13-11 after eight minutes and held a slim advantage until exactly 4:00 were left in the first half. Doug Gibson hit a field goal to give Napier its first lead 24-23.

Couch hit for Carr Creek but Mark Fugate matched for Napier to keep Albert Combs' boys up 26-25. Luke Mullins hit for Carr Creek but Fugate and Gibson hit back to back for Napier to give the Navajos their biggest first half lead 30-27.

James Couch hit for Carr Creek just before the half ended to make the halftime score 30-29 Napier.

Napier came back the second half to take a big 6-point lead on the Creekers midway the third period. Charles Hoskins opened the second half scoring on a two-pointer to make it 32-29 in favor of Napier.

Couch canned a free throw for the Indians but that was short-lived as Hoskins and Fugate hit back to back to give Napier the 36-30 advantage. At this point Carr Creek got hot with Kenny Fannin getting a gratis toss and Bobby Johnson and Couch hit.

ting back to back from the field to cut the lead back to one, 36-35. The fourth period saw Carr Creek take a five point lead 41-36 on the Navajos on a James Couch field goal with 4:05 to go. Dave Campbell hit from the free-throw line for Napier

to cut the lead to 44-40 but Phillip Adams and Johnson hit back to back two-pointers for Carr Creek a 48-40 lead with 2:00 to go. Napier closed the gap to 48-44 on fielders by Fugate and Brack Baker but the Creekers hung on for their 7th straight win. Carr Creek was led to victory by James Couch with 23 points, Phillip Adams added 15. Mark Fugate was the only Navajo to hit twin-figures as he tallied 21. Napier's next action will be Tuesday night when the Redskins travel to Beattyville to take on Lee County.

GLOMAWR

Mrs. Campbell Is Injured In Wreck

By Mrs. Sam Ferguson

The funeral for John Bishop was held Saturday at the Church of Christ at Lothair with the Rev. Johnnie Pence and Rev. Willard Akers officiating. Burial was in the Englewood Cemetery with Maggard Funeral Home in charge. A granddaughter, Mrs. Anna B. Shackelford, of Michigan, remained for a few days with her grandmother.

We were sorry to learn that Mrs. Brown Campbell received a fractured leg in a car accident Monday. Mr. Tee Tuggle had been visiting his wife, who is a patient in Appalachian Regional Hospital and Mrs. Campbell had been with her sister, who is also a patient at the hospital. On their way home Tuesday, the car collided with a school bus.

Mr. J. D. Ritchie went to a Hazan Hospital Monday for a checkup.

Your writer, accompanied by Mr. and Mrs. Garlen Byrd, of Walkertown, attended the funeral of my cousin, Mrs. Andy Combs, of Louisville, Saturday. Mrs. Combs was taken to Potter Funeral Home in West Liberty Friday where her funeral was conducted Saturday at 11:30 a.m. with the Rev. John Carr officiating.

Interment was in Grassy Lick Cemetery at Grassy Creek with Potter Funeral Home in charge.

Mrs. Combs leaves her husband and one daughter, Andrea, and her mother, Mrs. Sallie Hancey, to mourn her passing. The Hanceys were former residents of Hazard and operated the Nu-Way Dry Cleaners.

Sunday afternoon was our visitation time at Community Presby Church. Mrs. Justine Steele and I visited Mrs. Ross Eckert and children, Evelyn, Helen and Thomas.

- EASY TO CARE FOR!

MOHAWK CARTIER

...made of 100% Cumuloft® nylon pile

INCREDIBLY STRONG ... Tough, durable ... no fiber can outwear nylon. And no ordinary nylon carpet fiber can beat the strength of Cumuloft nylon. Cumuloft nylon is a continuous filament textured yarn that retains nylon's full strength.

RICHLY LUXURIOUS ... You have to feel the lush depth underfoot! You have to see the rich surface ... the fabulous new depth and clarity of color! Carpet of Cumuloft nylon pile is like no carpet you've ever owned. It has warmth and softness that is unbelievable.

RESISTS FUZZING AND PILLING ... Cumuloft nylon is a continuous filament nylon, with no short loose fibers to pill up or fuzz. That's why carpet of Cumuloft nylon doesn't shed.

RESILIENT ... Step on it. Jump on it. Carpet of Cumuloft nylon keeps coming back for more! The resilient nylon yarn springs back, resists matting and retains its luxurious texture.

EASY TO CLEAN ... Because the smooth, non-absorbent Cumuloft nylon yarn resists dirt and dust, soiling stays right on the surface where you can whiz it off with the vacuum cleaner. Spills are no catastrophe either. Just spot clean with a detergent and water.
